BIOPLANT

BONE PASTES

BIOPLANT

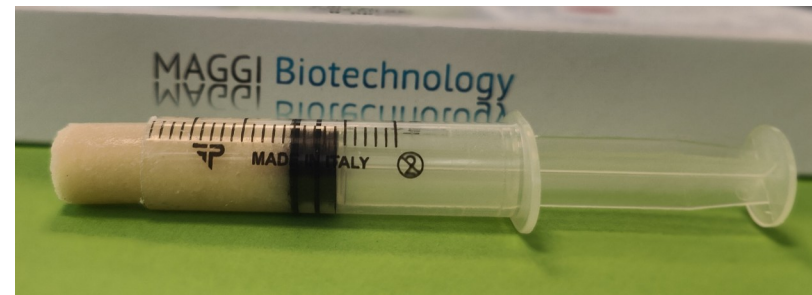

BIOPLANT bone paste constituents

Gel	Natrosol 250 pharm
Material regenerative	BIOPLANT bone tissue in various grain sizes
Growth factors	Tissue-derived DBM BIOPLANT
Excipients	Bone tissue powder BIOPLANT and powder collagen

BIOPLANT

Crunch modeling bone paste

Complete material for bone regeneration
of semi-solid, mouldable consistency

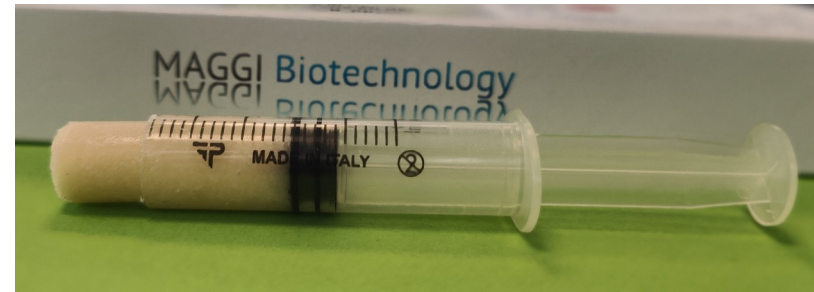

REFERENCE	QUANTITY
OST-CRU1	1 cc.
OST-CRU2	2 cc.
OST-CRU5	5 cc.
OST-CRU10	10 cc.

BIOPLANT

Modeling paste with DBM

Complete material for bone regeneration
of semi-solid consistency, moldable with DBM

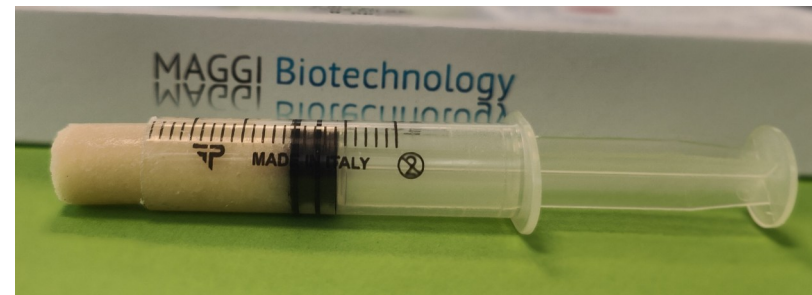

REFERENCE	QUANTITY
OST-ACM1	1 cc.
OST-ACM5	5 cc.
OST-ACM10	10 cc.

BIOPLANT

Modeling paste with collagen

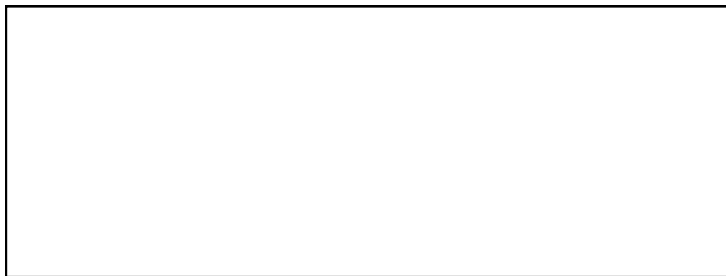

Complete material for bone re generation of
semi-solid consistency, moldable with collagen

REFERENCE	QUANTITY
OST-ACI2	2 cc.
OST-ACI5	5 cc.
OST-ACI10	10 cc.
